

SHD Research Foundation

OPENING FOR

Winter Internship Program (2024-25)

Analyzing Electoral Behavior

Location: New Delhi

Background

The SHD Research Foundation is a consortium of academicians and scholars driven by a resolute commitment to comprehend human behavior, societal dynamics, knowledge traditions, public policy, polity, and governance in India and elsewhere.

The foundation endeavors with its solution-oriented approach engages and addresses epistemological, social, political, cultural and ecological challenges impending on us and produce research to facilitate future policy formulations.

Considering harmony as the vital social value, we are committed to evolve Diversity, Equity, Inclusion and Harmony (DEIH) as indispensable 'index' to understand the domains of human life.

The foundation provides platform for all kinds of learners i.e., academicians, researchers, students and professionals under the rubric of following centres of the foundation.

- Centre for Inclusion and Harmony Studies (CIHS)
- Centre for Data and Behavioral Analytics (CDBA)
- Centre for Indian Knowledge Traditions (CIKT)
- Centre for Polity and Public Policy (CPPP)
- Centre for International Politics and Area Studies (CIPAS)

Centre for Data and Behavioral Analytics (CDBA)

The Centre

The Centre for Data and Behavioral Analytics (CDBA) is dedicated to understanding and leveraging data-driven insights to inform and influence human behavior. By integrating advanced data analytics with behavioral science, the centre aims to uncover patterns, predict trends, and provide actionable strategies for businesses, governments, and organizations. CDBA focuses on a wide array of sectors, including marketing, public policy, healthcare, and finance, offering a robust platform for research, consultation, and training. Through its initiatives, CDBA empowers stakeholders to make informed decisions that are both efficient and ethical.

One of the aims of the Centre is to provide students with valuable entry-level exposure in various fields, equipping them with the necessary skills and knowledge in the field of Data and Behavioral sciences.

The Internship

SHD Research Foundation is offering **Research Internship** for the session **2024-25** to the students pursuing UG & PG for the period of 3 months.

The objective of the internship is to equip the students with the goals of "Samagra Shiksha" (holistic education) as outlined in the NEP 2020 and provide exposure to apply theoretical knowledge in the day to day practices.

The selected interns will be posted to engage with research activities in **Delhi and NCR regions**

Learning Outcome

- Learn the basics of research design, identify research gap, formulate research tool, conduct field study, data cleaning, data analysis, report writing and orientation for publication.
- Develop essential skills such as self-confidence, critical thinking, communication, leadership, problem-solving, and teamwork.
- Prepare field report and improve upto the level of publication.

Academic Benefits

- Claim **2 academic credits** from your institution for completing this internship in lieu of **Skill Enhancement Course (SEC)** opted in Semester III onwards. For detail see the guideline (for details read the guideline UGC- [click](#) & DU- [click](#)).
- Selected high-quality research papers of Interns will be considered for **publication in the SHD Journal of Practices**.
- **Free 1-year student's membership of the foundation** for successful interns.
- **Certificate of participation and completion.**
- **Extension of Internship for meritorious Interns**, subject to the discretion and norms of the organization.
- **One-year paid fellowship** for interns demonstrating outstanding learning outcome as certified by the advisory committee of the foundation
